We are building a brand new life in Alanya, the fascinating city of the Mediterranean, on a hill that lies beneath your feet and at the heart of the city.

We offer the latest construction techniques in European standards in our project which we designed with all the comfort and safety of you and your family.

It is your right to be in the center of a locality with many social possibilities to improve your health and happiness for yourself and your family.

As the highest building in the region, you will have a privileged view of Alanya from Vizyon Park. At the very center of the city you will have a new life with Vision Park.

Vision Park offers you a happy and peaceful life with its open and closed car park, 24 hours security, children's park, indoor children's playground, hobby hall, sauna, professional fitness room.

In our project which we have built as 2 blocks of 9 floors on a total of 3,150 m2 land, we designed the apartment sizes which are not in that region again for you.
# PROPERTY FEATURES
